Projects

- **Promotional Campaign for Mufilx**
  The primary goal of the project was to revamp Mufilx's visual identity to align with their evolvingbrandnarrative.

  Approach: I took a collaborative approach, working closely with the Mufilx team to understand their vision and values. This guided thedesign process, ensuring that the final visuals not only metaesthetic standards but also resonated with the company's essence.

  Results: The redesigned graphics have received positive feedback from both internal stake holders and external audiences. Mufilx now possesses a visually compelling brand presence that effectively communicates its core values.
